

Insights | Top 10 book list

1 of 1

Author | Bas Groothedde

Our previous list (top 15 on Big data and analytics) was based on just personal opinion. In this contribution little bit more of a systematic approach. Following Ben Benjabutr (editor of SupplyChainOpz) we took the search results of google scholar and citation for the top 5. In addition we took the liberty to add 5 books on supply chain management taken from our personal list of favorites. So a little bit of both.
